

VISTA LA JOLLA TOWNHOMES

GENERAL PRECAUTIONS WHEN WE SEE A COYOTE IN OUR COMPLEX

- Never attempt to approach a coyote
- Always have your pet on a leash
- Coyotes do not like loud noises (bullhorn, whistles, waving your hands and screaming at them loudly)
- They do not like flashing bright lights or flashlights
- Certain scents like white vinegar in a spray bottle sprayed around your home will keep them away
- Do not leave trash can lids open and do not leave trash cans out for an extended period of time
- Dog poop attracts coyotes-always pick up after your dog
